ECOLOGICAL FEATURES

The product is completely recyclable. Special runs available upon request.

NOTES

SYMBOL CARD HIGH BULK

Symbol Card High Bulk is excellent for sleeves, brochures, promotional material, greeting cards and similar applications.

APPLICATIONS

Can be used without problems with the main printing systems: offset, blind embossing, hot foil stamping and screen-printing. For offset printing, the features of the coated side are comparable to Satin finishing and the uncoated side is designed to provide good printability also with solid colours.

PRINTING SUGGESTIONS

Good results can be expected with all the main converting process: cutting, die-cutting, scoring, glueing, varnishing and plastic lamination.

CONVERTING SUGGESTIONS
